IMPORTANT INFORMATION

The NAC Burial Fund covers South African permanent residents only.

Policies not paid by 30 June 2022 will lapse. Once a policy has lapsed, a member needs to re-join the fund. In this case, a new application form must be completed by the member. Health declarations are to be indicated on the application form (under the section "Exceptions"). Waiting periods are then also applicable. The new application form is available on MIS and the NAC-SA website. The form, together with the proof of payment of the premium and joining fee, must be returned to the burial office. The Insurer (African Unity) will not honour a claim for a lapsed policy.

Please call the hotline number - **0860 555 992** - with regards to claims. The same number may also be called with regards to all value-added services such as repatriation, trauma counselling, legal assistance, etc.

EasyPay

- In order to make an EasyPay payment, the unique 13-digit code that appears at the bottom of the member statement must be used.
- This number must only be used for INDIVIDUAL payments and NOT for bulk payments.
- A list of vendors where EasyPay payments can be made appears at the bottom of the member statement.
- The EasyPay app, downloadable on a mobile phone, may also be used to make a payment (this is similar to making an EFT payment) - see also the clip with regards to this on the NAC-SA website.

Rectors and burial co-ordinators, please continue to assist our members with regards to all of the above.
